Judge Ends Probation For Trio

Patriotism today was responsible for ending a battery case. When Joe Kassenchuck informed Judge E. I. McAuliffe he wished to join the United States Navy but could not because of a probationary sentence, the court terminated the probation.

Similar action was taken for two others involved in the same case—O. T. Meeker, and J. Stone—when the court learned such termination would mean they could have their former jobs back.

The three were arrested during a Greyhound Bus Lines row last Spring, battery charges being filed May 24. On July 16, the three pleaded guilty and on July 30 were placed on two years' probation.

Augustus Pictures Prove Fish Story

Proudly showing pictures of 34 and 38 pound Yellow Tails caught during a brief fishing trip off San Diego, William H. Augustus, San Mateo County clerk, today had resumed his official duties. During his two weeks' vacation, the clerk and his wife also visited friends in Palm Springs, Imperial Valley, San Diego, Coronado, Yuma and Phoenix.

A Cereal Travelogue

In the plant of the Loma Linda Food Company, pictured above, Ruskets—California's own breakfast cereal—travel for one-fifth of a mile in a series of three-story ovens in a slow-baking process which takes over two hours. As a result, the starch in the wheat is thoroughly converted, or dextrinized—the secret of Ruskets' distinctive flavor and quick energy.

Non-Denominational Meetings Start Sunday

First of a non-denominational series of "preaching missions" sponsored by the Redwood City Ministerial Union will be held Sunday evening at the Redwood City Congregational Church, it was announced today by Rowland T. Edgeworth, secretary of the union.

Dr. George W. Phillips, widely-known minister and radio preacher who conducts "the Hour of Prayer" every morning from Oakland, will be the speaker at the initial meeting. The service is scheduled to begin at 7:30 p.m. and one will be held each evening at the same time through Friday, Jan. 10.

Dr. Phillips' theme Sunday will be "Christ." The Oakland minister said that he will discuss "subjects of eternal value vital to Christians of all churches."

Edgeworth explained that the meetings have been arranged by the various churches in the union in an effort to "call the people of all faiths back to God and to reaffirm our faith in the Saviour who came to bring peace."

The meetings will start promptly at 7:30 each evening with the singing of old hymns, it was announced.

Ministers, laymen, church school officers and all interested church workers have been requested to invite their friends and neighbors to attend. All the meetings will be strictly non-denominational.

13 Named For Next R. C. Quota

Thirteen men of the January quota of 24 for Redwood City district have been qualified for military service.

Local draft board No. 106 made this announcement today after spending last night checking medical reports and questionnaires.

"All medical reports have not been received, so the board expects to qualify the other 11 within a fortnight," George F. Paul, clerk, said. "The next quota is expected to be called about Jan. 20."

The 13 men include Harold M. Soper, 39 Claremont St.; Walter J. Selson, 340 Third Ave.; William F. Gray, 231 Lincoln Ave.; Arthur White, Box 2693, Route 2; John L. Argo, 20 Hudson St.; Harry S. Oneto, Main St. and Broadway; Charles L. Coe, 141 Fifth Ave.; Anthony J. Boicelli, 2405 El Camino Real; Henry W. Nordstrom, 1453 Jefferson Ave.; Robert L. Clarkson, 421 Harrison Ave., all of Redwood City; Dexter N. Knight, 1338 Holly St., and James W. Docker, 1124 Elm St., San Carlos; John G. Olson, RFD 280C, Menlo Park.

The board authorized Paul to send notices immediately to 20 men ordering them to take medical examinations next week and prepared to mail notifications based on last night's classification of questionnaires.

Notices of men becoming delinquent in attending to their respective questionnaire matters will be forwarded to Sacramento headquarters and turned over to the United States marshal, officials said.

Registrants must keep draft boards notified of all changes in their addresses and dependants, Judge E. I. McAuliffe explained.

SRA Rolls in County Cut Nearly in Half

The number of persons receiving SRA unemployment relief in San Mateo County dropped from 788 in April to 413 in October, California Taxpayers' Association stated today, pointing out the possibility of a major cut in the state appropriation for the State Relief Administration by the 1941 session of the Legislature.

The number of persons receiving other types of relief in the county, the association pointed out, showed the following trend: Indigent aid, 894 persons in April, 818 in October; aid to the needy aged, 989 in April, 1079 in October; aid to the needy blind, 25 in April, 27 in October; aid to needy children, 255 in April, 258 in October.

"Particularly encouraging to taxpayers is the reduction in the number of persons in California dependent on SRA, which dropped from 312,489 in April to 158,264 in November," the association stated.

Piedmont's barefoot burglar who obtained \$20,000 in jewels and cash in his 37th haul Saturday, is not fretting peace officers in Redwood City, San Mateo County or on the Peninsula. Officials, refuting a published statement in which Piedmont police said the burglar has been active on the Peninsula the last several years, stated they did not know of any unsolved case in which the suspect is the barefoot burglar.

their addresses and dependants, Judge E. I. McAuliffe explained.

Serge Jaroff Key Man of Cossacks

SAN FRANCISCO—Serge Jaroff, the Tom Thumb of the giant Don Cossacks, the opening attraction of the San Francisco Opera Association's Winter Concert Series, at the War Memorial Opera House Thursday night, Jan. 16 is the dynamo of energy and initiative behind this internationally renowned chorus.

It was Jaroff who organized the Chorus at the end of the first World War when they were prisoners in a camp near Constantinople as soldiers in the Wrangel White Russian Army. It was only through the songs of their homeland that the giant Cossacks were able to endure the privations and rigors of their life as prisoners.

New S. F. Night Club Creates Interest

The Lions Den, the newest club in San Francisco's Chinatown, is creating an unusual degree of interest since its opening last Saturday. One of the most interesting things to see at the new night spot is the Mah Jong bar.

Tommy Tong states that a special array of entertainment features are arranged for this week. Among many other acts are the Lovely Oriental Dancing Maidens, starring Kim Fong, Marion Got and Dot Sun. These maidens were recently featured by publicity in a national weekly magazine.

The Hurricane, New S. F. Club, Popular

San Francisco's newest night club the "Hurricane" has attracted a tremendous number of people since its opening last Saturday. The owner, Bert Rovere, also operates and owns the Paris Inn and Lucca restaurant in Los Angeles.

Special food delicacies and high class entertainment will be featured amid the "most realistic and romantic tropical atmosphere in America," according to Rovere. The dance rhythms of Sol. K. Bright and his Hollywoodians are proving very popular at the new club.

GLAMOROUS MODELS

Quick ELECTRIC HEAT

Costs Less Now... Rates are Down

In every home there is need for the quick EXTRA service of electric heat. In hard to heat corner rooms, in dens, in bathrooms, in dressing rooms, electric heat will solve a difficult heating problem economically. Electric heaters, either the portable plug-in type or the built-in-the-wall type are often extra necessities. They serve and save, heating one particular spot thoroughly. They perform this service quickly, pouring off a flow of sunny heat at the snap of a switch. With the new low Electric Rates the kilowatt hour charge for electricity drops rapidly in cost when you use electric heating.

RESIGNS CLERK'S POST

It was 10 years ago next March when Miss Florence Rancore became a deputy in the San Mateo County clerk's office. Last July she became Mrs. Miguel Yriberri. Today she resigned to keep house in Daly City for her husband, a San Francisco accountant.

NEW WELDING CLASSES

Having just graduated a class of more than 15 students, the Anchor School of Welding of San Mateo announced today enrollment for classes which start Jan. 6 will be held Sunday between 1 and 4 p.m. Classes at the school are held between 1 and 4 and 7 and 10 p.m.

Menlo Park Plans Survey

MENLO PARK—Menlo Park's \$200,000 street improvement program went forward another notch when the city council approved the expenditure of funds to complete preliminary engineering work.

The project, which involves improvement of all streets in the original part of the town by installation of pavements, concrete sidewalks, gutters and storm sewers, will be financed jointly—if government approval is obtained—by the Works Progress Administration and a special assessment.

Of the total amount, the federal government would provide \$130,000. The remaining \$70,000 is to be paid by assessment.

EXPENDITURE APPROVED

At its meeting last night, the council approved an approximate expenditure of \$2700 to complete preliminary engineering work, on which \$2300 already has been spent.

The council passed an ordinance regulating trailer camps, and introduced another regulating auto courts. In the auto court ordinance, the council decided on a license fee of \$250.

City Engineer Edwin H. Smith reported an estimate of \$10,000 as the cost of constructing a proposed pedestrian underpass in front of Central School on El Camino Real.

An expenditure of \$175 for installation of a transmitter on one of the city's two police cars was approved by the council. This will give the city a two-way radio system, such as is used now by Palo Alto and Atherton police. All three cities are serviced by the Palo Alto station.

Three of the city's officers have passed their radio examinations, as required by the government. They are Tom Kearney, Frank Roach and Gene Albee.

No action was taken on a plan for landscaping the city's Camp Fremont Memorial Park. A letter was received from Maj. Royal W. Park outlining the gun equipment he found available from the government for decorative purposes at the park.

Other business conducted by the council included the granting of a permit to R. B. Barker to hold a New Year's Eve dance at Menlo Hall, and the passage of an ordinance rezoning a single lot on Menlo Ave. from residence to business zone.

4 Peninsulans Complete Basic Flight Training

Four Peninsulans, including Bernard P. Doyle of Menlo Park, were among the 280 flying cadets who completed their basic flight training at Randolph Field, Tex., the U. S. Army's "West Point of the Air." The men now are being transferred to the advanced flying school at Kelly Field for a final 10 weeks' instruction before receiving their wings and commissions as second lieutenants.

Those from the Peninsula in the class are Doyle, Menlo Park; Douglas B. Hughmanick of Hillsborough; and James R. Field and James H. Miller of Palo Alto.

Classes start training every five weeks under an accelerated training schedule that transforms young college men between 20 and 27 into full-fledged military aviators in 35 weeks.

Insulin-Shock Therapy Quickens Insanity Cure

SACRAMENTO (AP)—The medical staffs at Camarillo and Stockton state hospitals have succeeded in obtaining the "highest record recovery rate for schizophrenia" through insulin-shock therapy, Dr. Aaron J. Rosanoff, director of institutions, said today.

Dr. Rosanoff said the last report showed that of 125 cases in which treatment was completed, 102 patients had been released from the hospitals and six more were ready for release.

In other words, he added, 86.4 per cent were sufficiently recovered to be able to return to their

homes after an average stay of "four or five months" in an institution.

Treatment of the persons suffering from schizophrenia—a common form of insanity—was carried out under the leadership of Dr. Jacob P. Frostig of the University of California's medical school.

Rosanoff reported the state hospital population had been reduced further from 22,976 Oct.

31 to 22,927 Nov. 31.

Additional reductions may be expected, the director said, with establishment of a state colony for inebriates at Spadra in the near future and possibly, later on, a similar institution in Northern California. He pointed out that nearly one-third of present admissions to mental hospitals consist of alcoholic cases.

Reflectors Required On All Automobiles

California motor vehicle owners were advised today by the department of motor vehicles that a new section of the vehicle code requiring all vehicles be equipped with rear red reflectors becomes effective Jan. 1st. The section provides that the reflector may be carried as a part of the taillight or displayed separately.
